DEDICATION

We offer this product of our efforts, both feeble and spasmodic, to record the multi-sided personality of a growing school:

First, to Keld John Reynolds, the man, because he is the embodiment of the scholar's ideal—a practical nature balanced by intellectual genius which is hidden beneath a quiet dignity.

Second, to K. J. Reynolds, M.A., Dean of our college, because his fourteen years here have produced on our campus a refined collegiate atmosphere; and because his mellowed experience has made him, in the students' minds, a friend when we need him most.

THE STONES CRY OUT

. . . . . Alberta Glover

Within a church my deep emotion dies.
It spends itself within the careless throng
While longing for the spaciousness of skies
Or great brown hills that sing their own deep song.
Within the realm of mortar or of stone
My spirit sinks to earth, from which they say
It partly came; and then I must atone
For sins the wind outside would blow away.
Such cannot be. From thence my fellowship
Is with the pulsing earth, for that God made
To be inherited by him whose grip
Cannot be weakened, though he be afraid.
For in the hills there is no room for doubt
Should I forget, the very stones cry out.

This poem received first place in religious verse among those submitted in First the Blade contest for 1940.

Sine Qua Non

Erwin Earl Cossentine, by his vision and spirit of progress, has for the last decade given La Sierra College its enviable reputation of being synonymous with growth. In the interest of the college his deeds have each year resulted in unveiling some notable landmark on the road of La Sierra's success.

In campaigns we look for his reassurance and faith in our ability; when there are troubles to be quelled, we seek out a concession from the true diplomat that he is. In general problems of college life many have taken advantage of his standing invitation to talk it over, and in so doing have received the solid advice so highly valued by the collegian.

Crescendo · Gerent · Linguist · Cosmopolite

Strother Harlyn Abel's artistry in combining a good sense of humor with the weird scales that issue from the throats of his potential Tibbetts doubled the A Cappella choir's membership this year.

The task of keeping the financial end of a growing college running smoothly is super-colossal. We give credit in full for this to able **Karl Frederick Ambs,** business manager.

Margarete Louise Ambs is not only dexterous with modern languages, but modern outlook through a wealth of reading comprises a precise part of her individuality.

Counsellor and orator, **Roy Allan Anderson,** head of the department of evangelism and theology, kindles in the minds of all who meet him a new appreciation of eternal values.

Leta Maxine Atteberry is the embodiment of energy. Her brilliant discourses make her a favorite among the entire student body as well as the prenursing group.

Robert William Bickett, who plays a double role in the college, not only keeps the accounts straight, but has appealed to our aesthetic sense with his dramatic readings.

Those of us who did not have the privilege of attending one of **Irvin Frederick Blue's** classes could not help but profit by the influence of this quiet, scholarly gentleman.

Dividing her attention between La Sierra and Pacific Union Colleges, **Doris Henrietta Carlsen** does double duty here each fall semester in her crafts and applied arts classes.

Vivacious · Diseur · Junglelord · Peripatetic

Ubiquitous · Technical · Versatile · Lexicon ·

Walter Theodore Crandall's long record with the college as dean of men bears silent testimony to the conscientious fidelity with which he handles the dormitory situation.

Few and fortunate are the colleges who possess a science professor combining unerring precision with genial informality—**Lester Harvey Cushman,** physicist, yet friend of the collegian.

ABC's · Congenial · Candid · Psychologist

A newcomer, amicable **Edna Sadie Farnsworth,** has made herself memorable to piano and organ students for her infinite patience.

Better known to his student friends as "J. P.," the name of **John Phillip Fentzling** has become synonomous with jovial fellowship. His "joie de vivre" and unfathomable vocabulary continue to amaze even the most blazé of us.

Mary Witchey-Groome of the training school department is doing a thorough job of making the A. B. C.'s appealing to five- and six-year-olds.

William Edward Guthrie turned out to be "The Little Man Who Wasn't There" when he left us at the turn of the semester to take over the publishing work in Tokyo, Japan.

A truly versatile business administrator, is **Caroline Sadie Hopkins,** who has won her way to the hearts of the students through cordial hospitality and friendly interest in campus affairs.

The friendly psychologist and progressive scholar, **Maybel Viola Jensen** is a valuable asset to the scholastic prestige of the college.

Typographer · Palette · Cooperative · Amanuensis ·

The efficiency of this unassuming gentleman of the printshop is traditional in his domain, but the spirit is self-evident to all who meet him—**Walter Galen Lawson.**

Reticent as to self, but great in deeds for the art department of L. S. C., **Delpha Sheffer-Miller** is one of the school's indispensable influences.

Walter Martin Ost's informal geniality, typical of those who hale from south of the Mason-Dixon line, makes him an up and coming dean of the campus.

Of all the offices that call for friendliness combined with efficiency "sang-froid," it is that of a registrar. **Blanche Black-Ost** fills the bill in her Southern manner.

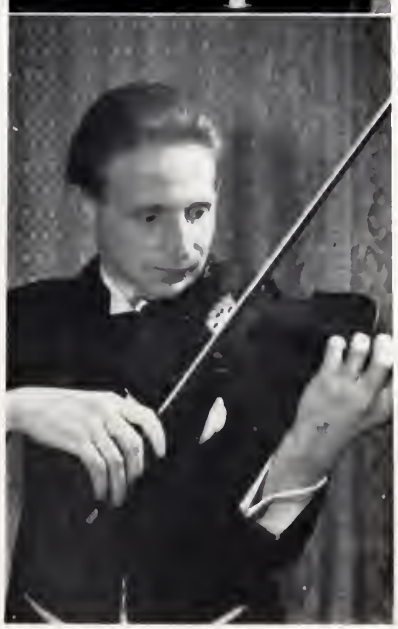
Mildred Evelyne Ostich, supervisor of grades 4-6, is rapidly gaining a place in the college group by her piquant vivacity.

The modesty of the true scholar is our librarian's double portion. **Olive Severs-Palmer's** long-suffering with the delinquent in arrears or a library fine has won for her great student admiration.

DEF's · Bookworm · Chemist · Savoir Faire

The scientific attitude and original thinking of **Louis Cyril Palmer** have made him a tradition on our campus and a favorite among "premeds."

Combining continental charm with instrumental technique, **Otto Herman Karl Racker** directs the college band and orchestra besides giving violin lessons. Among his wide range of interests are short-wave radio and oil painting.



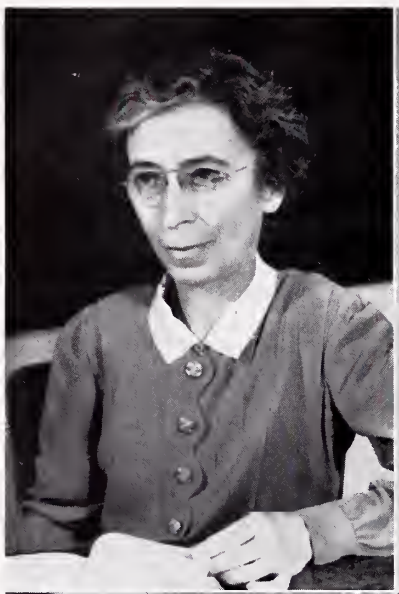
Sedate · Gigonium · Practical · Geoponic

Quiet, unassuming **Fedalma Ragon** labors patiently with academy English students, who find it hard to forget her immaculate desk and perennial bouquets.

A deep thinker who respects conservative ideals. "When a fella needs a friend," he finds one in **Keld John Reynolds.**

Matronly **Marie Johanne Reynolds,** a newcomer to the faculty this year, is doing great things towards building up the home economics department.

Devotion to his job and untiring endeavor are qualities which make **Sidney A. Smith** the ideal director for any department of agriculture.



Many an M.D. and professor can trace his success back to the helpful study habits acquired in the seventh and eighth grade room under **Daisy Darrow-Sturges.**

When a man's hobby is his work, that spells success. **George Alden Thompson** is known in premed circles for his carefully planned embryology lectures and his marine acquarium.

In this his first year here **Alwin Lambert Toews** teaches the art of linking brain power with muscle coordination. Drafting and wood turning made their debut with this instructor.

The atlas to a world of responsibility, who shows the refinement of a true lady—this is the sedulous **Velma Wallace,** dean of women.

action at CORONA

Fast becoming the vitalizing force in student spiritual activity, this department, in conjunction with a new drive for members, changed its name from the Seminar to the King's Crusaders. Its nucleus, the evangelism classes and R. A. Anderson, undertook an intensive soul-winning program by conducting an effort both in Corona and Home Gardens. These activities have throughout the year stimulated interest in others and at the same time acted as a real working model of the evangelistic situation where future theologians can gain their needed experience.

producing the 1940 METEOR

The high standard set by last year's staff was looming large on our horizon when we set to work. This in itself served to stimulate our high ambitions to create a yearbook that will show La Sierra as it is, to make a pictorial record of all the students that they can be proud of.

So many have contributed in making the '40 Meteor, that to mention names would result in almost a duplicate of the directory. The copy space on this page doesn't allow for that, but there is room enough to thank the A. S. B. of 1940 for the co-operation that makes this book possible.

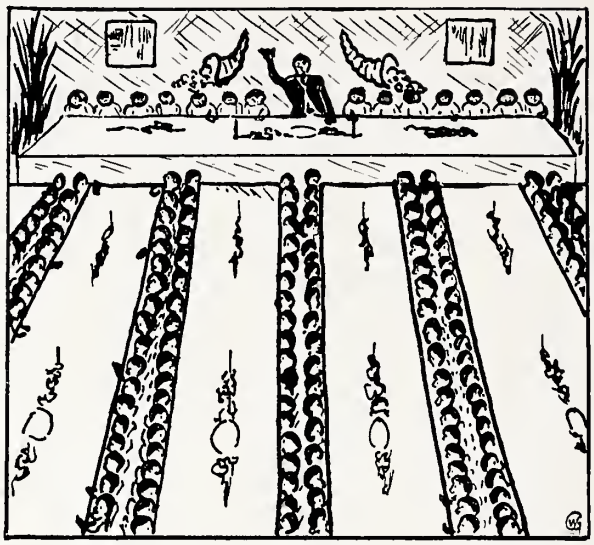
SENIORS '40

CALENDER 1939 - 1940

This is our year—1939-40 A. D. The school year began officially Saturday night, **September** 9, with the traditional handshake. Over 500 students set a new enrollment record. Two weeks later they collected $600 in a Harvest Ingathering field day. On September 24 we told our beloved Elder Sorenson "Goodbye."

With the beginning of **October** came one of the greatest annual events, the "Criterion" campaign. By October 23 Percy Miles, Ben Boice, Jeannette Wilson, and 497 other students had brought in 2445 subs—tops in campaign history. Remember the uproar when Jeannette presented Ben with the trophy? And the look on Levi Richert's face when he accepted that Argus camera? And the picnic at Arrowhead?

Came **November.** And the combined A Cappella choirs gave their first concert. Blue and Gold became the new college colors, and Charles Nelson replaced Leon Knight as "Criterion" chief. No boy who attended will forget the Father and Son banquet, with L. Newton Small as guest speaker. Then Elder Skinner conducted the Fall Week of Prayer. "Youth and Christ" was his topic.



The first big event in **December** was the METEOR election. It was Loutzy, of course. On December 16 the Girls' Forum presented its benefit, "The Life of a Girl." About a month later, the girls used the proceeds to purchase a drinking fountain and a stove for Gladwyn Hall. December 15-20 was the annual Music Festival, climaxed by the Messiah — and Christmas vacation. Can't you see the gay Christmas tree on the lawn and hear the carols pouring out of H. M. A.?

Barely had we recovered from the holidays when semester exams caught us. Somebody promised us that when it was all over there would be a Snow Frolic on **January** 23. He wasn't fooling, but Old Man Winter was. Anyway, it finally came true—on February 20. But we're forgetting the San Fernando plaque dedication, our campus swarming with alumni, and

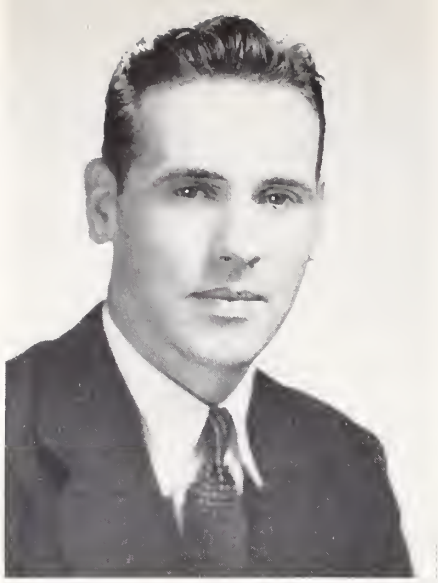
February, which set a new tradition with separate senior classes, and broke an old one—the men led the honor roll. This month also saw the launching of an evangelistic campaign at Corona, and "Social Security" cards made their debut—or did they?

March meant the Spring Week of Prayer with Elders Esteb and Carrier and the covenant signed by the 500. And the little gold ribbons, lest we forget. Along about this time excavating for the new women's home was begun, and beige was popular with both senior classes. On March 25 Mr. Guthrie sailed for Japan. Then we welcomed 120 academy seniors on College Day. Next week the Colporteur Training Institute was held, with Elder Strahle a guest on the campus.

April—crazy hats—a young man's fancy—and this, to remember a special April. Because it was 1940. Alberta Glover received a $10 prize for her poem published in First the Blade. At the same meeting in Redlands, Prof. J. P. Fentzling was elected treasurer of the Intercollegiate Fellowship of Creative Arts. Next evening there was pandemonium over the Science Hall fire, and the "Criterion" published an extra, its first.

To undergrads, **May** means two things—semester exams and a new METEOR. But to the seniors the word has only one definition. And that is graduation. So here's to you, Seniors; we're right behind you. Goodbye. And good luck!

CLASSES



JERRY SMITH
Science Club, M. B. K. and the A. S. B. have all claimed his Presidency. He's a long way from home, though,—New York.

VENESSA STANDISH
She's been President of the Girls' Forum, Vice President of the Senior Class, and along with being a good teacher she wants to be able to play the pipe organ.

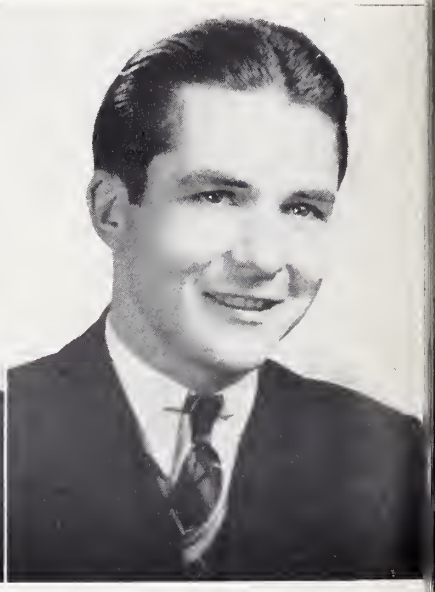
MILDRED SMITH
She comes from Lucknow, India, and here she has been secretary of the Science Club, and Secretary of the Senior Class.

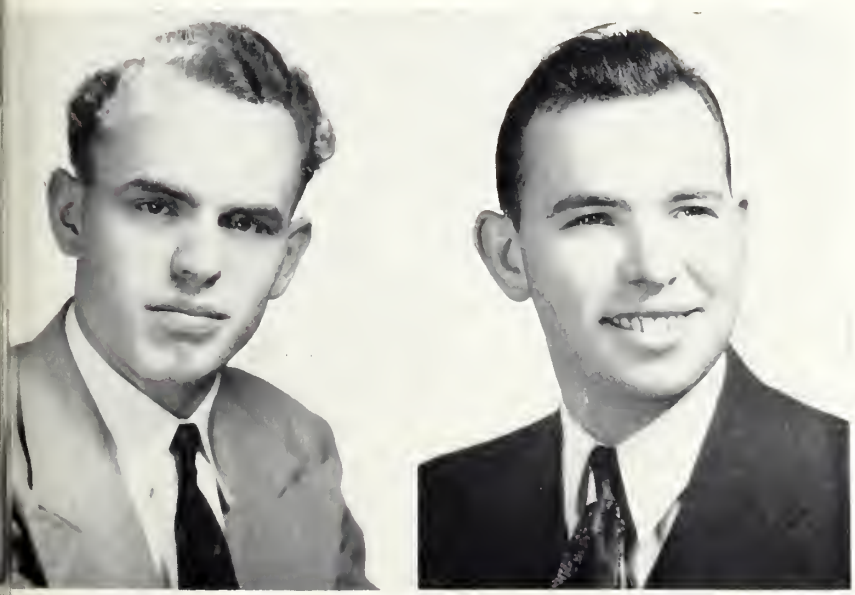
ELMER DIGNEO
We all know his versatility on the organ, and, contrary to his premed course, he wants to be a teacher.

BURL FROST
Arizona Academy claimed him last; here he's been M. B. K. President, and leader for the Meteor Campaign in 1939.

EDGAR DOERSCHLER
Member of the "Prince of Orange" Orchestra in Holland, student at Newbold College, England, he has been President of the Arts and Letters Guild here.

ROBERT MC PHERSON
His evangelistic efforts have occupied his time here, for he has been Chaplain of M. B. K., and Seminar President and Vice President.





ELIZABETH FULLER

San Diego is home and P. U. C. was her last stop. She's been an active "Crusader" here.

From Covina Union High, she's been a Science and Art Club member here.

MYRTLE RICHARDS

Eight years of her school life were spent in Paris, France, but she came here from Mountain View Academy.

REUBEN SPRENGEL

Avondale, Australia, claims him before we do, and he wants to teach science.

MARION FINCH

Just another nurse, says she, but we know she'll be a good one. She's from Redlands University.

MARGARET HOGMIRE

Latin and Spanish Clubs have both been among her activities and she plans on prenursing next.

VICTOR DUERKSEN

Loma Linda Academy claimed him last, and he wants to be a social worker.

EVELYN RITTENHOUSE

She'll teach commercial some day, and she's gotten a good start, both here and at Emmanuel Missionary College Academy.

OTTILIE BRUMMER

Her birthplace is Oslo, Norway, and she wants to be an office nurse.

DON RICKABAUGH

President of the Academy Senior Class and the Spanish Club, he comes from Los Angeles Union Academy.

RUTH MITCHELL

She comes from Brawley High, and photography holds her hobby interest.

MAXINE BRADBURY

Here's another social worker in the nursing field. She's from Turlock.

RAY QUALIA

He holds title to the Presidency and Vice Presidency of the "Furniture Repair Crew" and we all know that saxophone of his. U. S. C. claimed him before we did. He's been an active member of the Science Club here.

ZELDA FORRESTER

She's been here for four years and her ambitions are divided between being a good secretary and a commercial teacher.

CLEO TURNER

We've all enjoyed Cleo's guitar and California's loss will be Arizona's gain.

ORAH MAE LORENZ

Her academy and college graduation have been here and the next one will be her nurse's graduation.

RUTHITA SHIDLER

"Tops" as Forum Prexy, she came last from Nevada, Iowa, and goes next to Loma Linda.

HARRIET SCHWENDER

Here's another accordionist and she's been Spanish Club President and Vice President of the Senior Class.

IRA FOLLETT

We give him credit for real versatility, milkman to A. S. B. Prexy for '39 and '40.

MARGARET OURETT

San Bernardino and Redlands High first and then L. S. C., where she has been a Spanish Club member.

MYRNA GIDDINGS

Secretary of the A. S. B. and the Junior Class of '39 here, she comes from San Diego.

ROBERT SHAPARD

Home—Arizona; Hobby—photography; Activities—Senior Class Sgt. at arms.

GWENDOLYN NYDELL

Here's a real L. S. C.-ite—she's been here for six years and we all know her by her accordion music.

"KATIE" MEYER

She attended the two Riverside 'Hi's" before coming here, and she'll take normal next.

GERALDINE MOORE

We all know her as Elder Anderson's secretary, and both here and at Los Angeles Academy she has been active in the Bible Worker's department.

DORRIS LEE HULME

She's from Saint Helena High in Los Angeles, and out here she has been Secretary of the Science Club.

MARJORIE WARNER

She's a real Californian—she has been here two years; before that she was at Glendale U. A.; and she was born in Long Beach.

BILL SHADEL

There—Loma Linda and University of Redlands; here—Vice President of M. B. K.; later—orthopedic specialist.

JANE MILLHIZER

From Los Angeles Polytechnical High School she has been here just one year, but she's on her way to being a nurse.

BARBARA EDGE

Her ambition is to be an office nurse and she comes from Brawley High. Here at L. S. C. she has been President of the Spanish Club.

VIVIAN GOLDEN

Here's ambition for you—prenursing and normal at the same time. She's from Utah.

ALBERTA GLOVER

To work in a research "lab" is her ambition. She has been Vice President of the English Club and Feature Editor on the Criterion.

DOROTHY SANDERS

Normal and then nursing line up a full program for her beginning next year.

CHARLES NELSON

How about a hand to a grand editor-in-chief of the Criterion for 1940?

BERNADINE PETERSON

She's from Long Beach, and her hobby is a prickly one—cactus.

JEAN RITTENHOUSE

Secretary of the Spanish Club and Treasurer of the Senior Class, she comes from Montana.

FLOSSIE CASE

West Cottage's "Mother" for 1940, we all wish her good luck at Loma Linda.

BARBARA ARELLANO

She's from Mountain View last, and, eventually, it will be "parts unknown" for missionary work.

MILDRED GOSNELL

Dean Crandall's secretary, she has had the worship record worries for the south end of the campus.

"AL" RICKABAUGH

He's from Los Angeles Union Academy and "business" will come next with him.

EVELYN ATKINS

Spanish Club and Girls' Forum member, she comes from Hemet.

ROXIE ANDREASIAN

She comes from Fresno State College, and her ambition is to be a surgical nurse.

IRWIN BURKE

Student Body and Junior Class "Prexy" at Mountain View Academy, he's been President of the Spanish Club here.

NELLIE VAN DYKE

Seattle's her home, and we all know her as one of Nurse Reinholtz's able assistants.

HELEN LEE

The Science Club holds her membership here, and she came from Riverside High.

LELAND WALLAR

L. A.'s home for him, and the medical course comes next.

FRANK HOYT

He's rather quiet, but we all know him for that "Etc." column of his. President of the Arts and Letters Guild last semester, he is majoring in history. We won't mention his camera, though. Seems he's a bit touchy on that subject.

KATHLEEN KEEHNEL

She comes from Yucaipa last—her ambition is to be a surgical nurse, and her hobby is writing poetry.

JAMES CHAPMAN

From Atlantic Union College, where he was President of the Adelphian Club, he plans to go on from here to be a surgeon.

MARIE JOHNSON

Here's another Arizonian. She's been on the Criterion staff, and has been secretary up at the wood shop.

BETH BAUER

From Glendale Union Academy and Southwestern Junior College, she's been Vice President of the Forum here.

MARJORIE TAYLOR

She came from Los Angeles City College and she'd like to teach in a training school.

NAOMI NIXON

From Maplewood, Minnesota, she has been active in all training school activities here.

MARTHA DEERING

Glendale and L. S. C. are all stepping stones to her R. N. and her B. S.

CARL CRONIN

From Berrien Springs, Michigan, he's taken predental, and will go to Atlanta, Georgia, next year.

PAULINE SIMMONS

A good leader in the Sabbath School Primary Division, she comes from Arizona Academy.

LAURETTA FICKESS
She was Senior Class Secretary at Southwestern Junior College, and wants to be an English teacher.

WINTON PETER
Vice President of the Spanish Club, his ambition is to be a "doc."

JEANNE KELLEY
Loma Linda claimed her last and she has been active in all sports.

"DEE" BROWN
She's from Perris Union High, California, and the nurses' course claims her next.

RAYMON MC MULLEN
From Southwestern Junior College, he has been a Science Club member and Crusader here.

LILY BELL DARDEN
She's from down the southern way —Texas—couldn't you tell by that drawl?

JACQUELINE LOCKRIDGE
Van Nuys was her last stopping place, and prenursing is her next course.

VOLNEY DORTCH
He's from Lodi, and his interest in "things commercial" has helped him as President of the Commercial Club.

HAZEL NIELSEN
From P. U. C., we all know her as a good pianist.

PEARL VAN TASSELL
Here's something new and different in ambitions,—brain specialist; she comes from Saint Helena.

RUSSEL MC MULLEN
Also from Southwestern Junior College, he has been very active in ministerial and evangelistic efforts.

MARION KANTZ
She comes from Pomona, and she wants to be a Home "Ec" teacher.

Dawn 'till Dark. . . . .

An average of sixty to eighty college students work day after day under ideal conditions in the modern Loma Linda Food factory assisting in the production of more than twenty delicious health foods for your table.

Your purchase of Loma Linda Foods will enable more students to obtain a Christian education and at the same time you will help forward this, the right arm of the Advent Message—the Gospel of Health.

Thousands of California grocers and health food stores everywhere now sell Loma Linda Foods. Ask your dealer for Loma Linda cereals, vegetarian meats, wafers, seasoning, and coffee substitute.

DUES

As the final copy goes to press there remains in the minds of the staff an unexpressed gratitude to individuals and groups who have from time to time lightened our work and have made the grind a real pleasure.

"Marty" of Metropolitan Engravers has by unerring accuracy and downright efficiency made those yearbook problems look like mere routine. On the campus Mr. Lawson, the boys in the shop, Ray Shearn, the switchboard girls, and advisers Cushman and Fentzling certainly deserve mention for a lasting interest and lots of real assistance. Edgar Doerschler kindly loaned the staff photographer his Zeiss Ikon camera, which proved to be a bigger help than we can well express.

Last of all we turn to La Sierra College with the realization that any tangible memorial will fail to portray the deeper ideals that make a school. Accordingly we have merely tried to touch the surface in this pictorial record of '39 and '40. La Sierra ideals cannot be printed on paper. Its progress in the past and aspirations for the future live with the atmosphere of the campus and the deeds of the men who have made it so. We, the staff, hope that this surface portrayal is not a contradiction to these ideals but an acctuating force to the current results of such standards.
